January 26, 2017

Dear Fellow Contractors and Industry Professionals,

As most of you already know, I was recently appointed Director of Construction Angels, Inc. This is an organization I am very passionate about. Construction Angels is a South Florida based, non-profit organization, created to facilitate access of financial assistance immediately to the surviving children and/or surviving spouse of construction workers who have lost their life while working on the jobsite.

Construction Angels also provides grief counseling to those families who have lost loved ones in our Industry. We have partnered with various organizations and charities to insure Construction Angels is able to assist these families during tragic times.

Construction Angels currently operates in Florida, Georgia and Ohio; and recently expanded operations to Michigan early 2017. Our goal is to operate in every state and to assist these families around the United States.

I respectfully ask each and every one of you to support the Construction Angels, Inc.; a 501(c)3 tax exempt nonprofit charity. Our goal is to receive monthly donations of \$14.00 (or any denomination contributed monthly) deducted from a credit card can make a difference and help these families in their time of need. This is a national drive – not only in the states we are currently operating in, but for every state in our Nation. I thank you for your generosity and encourage all of you to reach out to your colleagues and friends to become a proud sponsor of the Construction Angels, Inc.!

If you would like more information about our organization, you can visit our website at www.constructionangels.us . If you have questions or comments, please feel free to contact me anytime by phone or email.

Thanking you in advance for your support.

Richie Gibbs, III
