

***Construction Angels "Gibbs Family" Scholarship Program***

**SUBMISSION DEADLINE: JULY 31, 2020**

**Purpose**

Construction Angels, Inc. (CA) is a 501(c)3 Non-Profit charity that provides immediate financial assistance and grief counseling to the children and spouse left behind when a construction worker has a fatality on the jobsite. Construction Angels, Inc. is accepting applications for the Construction Angels "Gibbs Family" Scholarship Program (CA-GFS), which provides financial assistance to help the sons and daughters of workers killed in the line of duty to pursue post-high school education, as well as its supporting associations' Members' children to pursue post-high school education within the construction industry. Scholarships are awarded annually. The Scholarship program was launched in August, 2018 through the Construction Angels charity by Kristi and Richard Gibbs III of Deerfield Beach, FL. It is supported by contributions from all types of firms, executives and construction associations within the industry. Applications are available for the 2020 school term of enrollment!

**Eligibility**

Eligibility for applicants of the "Gibbs Family" Scholarship need to have a parent as a Member of one of the CA's Financial supporting Construction Associations within the States Construction Angels operates (listed in Appendix A on Page 6, within the Construction Angels network of associations) that are furthering their education in construction, or have lost their parent due to an on the jobsite fatality. \*The applicant's Parent must be a current Member in good standing of one of the CA Financial supporting Construction Associations whom is applying for financial aid. An Applicant who has lost a parent due to a job site related accident is able to apply towards any continuing education institution for financial aid. Associations may have as many applicant's enter as they wish, however, no Association may receive multiple Scholarships.

**Educational Institution Requirements**

The applicant of a member must use the scholarship award to attend a post-secondary institution of learning in the construction industry that requires a high school diploma or Graduate Equivalent Degree (G.E.D.) for admission. This could include any public or private: (a) four-year accredited college or university; (b) two-year accredited college; or (c) vocational technical college or construction training institution. An Applicant who has lost a parent due to a construction job site related accident must use the scholarship award to attend a post-secondary institution of learning that requires a high school diploma or Graduate Equivalent Degree (G.E.D.) for admission. Applicants can re-apply each year during their post-secondary institution of learning within the guidelines of construction education.
