

Construction Angels Scholarship Fund

SUBMISSION DEADLINE: JULY 15, 2022

*Notifications will be by or before July 29th**

Purpose

Construction Angels, Inc. (CA) is a 501(c)3 Non-Profit charity that provides immediate financial assistance and grief counseling to the children and spouse left behind when a construction worker had a fatality on the jobsite. Construction Angels, Inc. is accepting applications for the Construction Angels Scholarship Fund, which provides financial assistance to help the sons and daughters of workers killed in the line of duty to pursue post-high school education, to pursue post-high school education within the construction industry. Scholarships are awarded annually. The Scholarship Fund program was launched in August, 2018 through the Construction Angels charity. It is supported by contributions from all types of firms, executives and construction associations within the industry. Applications are available for the 2022 school term of enrollment!

Eligibility

Eligibility for applicants of the Scholarship need to complete an application within the States Construction Angels operates (listed in Appendix A on Page 6) that are furthering their education in construction, or have lost their parent due to an on the jobsite fatality. An Applicant who has lost a parent due to a job site related accident is able to apply towards any continuing education institution for financial aid.

Educational Institution Requirements

The applicant must use the scholarship award to attend a post-secondary institution of learning in the construction industry that requires a high school diploma or Graduate Equivalent Degree (G.E.D.) for admission. This could include any public or private: (a) four-year accredited college or university; (b) two-year accredited college; or (c) vocational technical college or construction training institution. An Applicant who has lost a parent due to a construction job site related accident must use the scholarship award to attend a post-secondary institution of learning that requires a high school diploma or Graduate Equivalent Degree (G.E.D.) for admission. Applicants can re-apply each year during their post-secondary institution of learning within the guidelines of construction education.

Amount of Scholarship

Judges will award the same dollar value scholarship to each awarded applicant based on proceeds from the Scholarship events each year.
